

STOP THE BLANK CHECK TO ISRAEL

It is time to stop US blank-check funding for Israeli brutality!

For decades Israeli brutality and injustice have gone unchecked by Israel's major backer, the United States. It is time for this to change!

Despite the fact that we are up against one of the most powerful lobbies in the country, we believe that we have found a way to send a powerful message to those in our government (and future candidates).

Sign this check (here or online) to deliver a powerful message to the candidates and Congress.		 STOPTHEBLANKCHECK.ORG

We have created this "check" for people to sign – digitally at StopTheBlankCheck.org or mail us this paper (below) – promising support for "the candidate who finally ends our blank check to Israel."

Groups or individuals will then set up meetings with politicians to deliver bundles of "checks." This will demonstrate both to serving politicians and candidates in future elections that voters wish to end this wasteful, destructive, and immoral use of our tax money.

Billboards and beyond

We are combining this project with strategic billboard and advertising outreach to the general American public, aimed at driving people to our informative website, StopTheBlankCheck.org.

What else can I do to make this successful?

1. **Collect signatures** on paper checks or encourage people to sign online at **StopTheBlankCheck.org**. (In order to demonstrate our true numbers, it is important that all names and zip codes make it into the list, so please either enter them online yourself or send them to us at the address below.) We can then help you when you are ready to have a meeting with your politicians!
2. **Spread the word** online: "like" us on facebook and share our site on social media.
3. **Donate** to help place billboards and other advertisements in strategic locations around the country. (Make checks payable to "If Americans Knew," & write STBC in the memo line.)
